OBTAINING SURPLUS MAKES MORE CENTS ¢

Moniteau County California Missouri

Moniteau County acquired this Case tractor, from the Missouri Surplus Property Program for a mere \$5000. This quality piece of equipment should be a definite asset to the County for 10+ years. The tractor is used in a variety of tasks; including handling a 15 foot brush hog and operating a rock picker which keeps roads clear of 2" or larger rocks.

Keith McBroom of the Road & Bridge Department reported they replaced the hydraulic pump, PTO shaft/bearing, and applied a new coat of paint for approximately \$1,200. On the open market it would have cost the County a near \$12,000.00 to obtain this tractor.

Utilizing the Surplus Program saved the County a total of \$5800.
